

Worcester Lady Sick Seven Long Years

Mrs. Arthur Beaudoin of 90 Canterbury Street, Worcester, Says That Truth Is Stronger Than Fiction and Cinct Has Proven Itself a Truth.

MRS. ARTHUR BEAUDOIN

One of the strongest testimonials received for any medicine is from Mrs. Beaudoin and will be read by many of her friends with interest and amazement at her remarkable recovery. She says:

"Seven years ago I first noticed after doing my housework in which I took great enjoyment that I became greatly fatigued and was weak and played out, shortly afterwards I became intensely nervous and my muscles would twitch and jump about this time I began to try different methods to get well but nothing seemed to help me, shortly afterwards I would become dizzy and my head would swim and my sight would become impaired and I finally had to take to my bed and it is an actual fact that I became so weak that I could not talk, and then came a complete physical breakdown. I had given up all hope when I was told about Cinct and after a few doses I began to get better, my nervousness and faintness are now all gone and I cannot sing the praises of Cinct too highly. I forgot to say that Cinct is the only medicine that I have been able to keep on my stomach."

Cinct is being demonstrated in Norwich by an expert at the H. M. Lerou Drug Store, 208 Main St. It is also for sale in Dudley by W. E. LeBelle; in Mystic by the Wheeler Drug Store; in Greenfield Station, Norwich, by Leitch & Service; in Taftville by the Taftville Pharmacy; in Jewett City by Chas. R. Carey; in Central Village by H. Elmer Lewis; in Plainfield by the Meritt Pharmacy; in Baltic by W. Tuckerman; in Decatur by Burroughs Pharmacy; in Putnam by Jas. P. Donahue, and can be obtained at all first class druggists.

COMPLETE PLANS FOR UNION PICNIC AT BEACH

The committee in charge of the plans for the union picnic to be held by the Sunday schools of the Church of the Good Shepherd, Unitarian and First Congregational church of Norwich, Conn. met Wednesday evening at which time final arrangements for the outing were completed.

It is possible that Tubbs' band may be engaged for the occasion. The outing is to be held Saturday and the boat will leave Halfway Point in the morning for Ocean Beach, leaving the beach on the home trip in the afternoon at 4:30 o'clock. Refreshments are to be served on board the boat. If it is very stormy the outing will be postponed for a week.

The photographic studio of W. R. Stevens will be open for business Aug. 10—adv.

Four Winds, the big houseboat owned by Mr. and Mrs. Charles Nicholson of Cinct and after a few days at Watch Hill for several days.

Mrs. Angela Carriedo, of Poquonoc road, Groton, was struck near her home several days ago by an unidentified automobile, sustaining a fractured leg.

Coal dealers in the state look for an advance in the price of both hard and soft coal from \$1.25 to \$1.50 or more a ton when the increased railroad rates go into effect.

A Hebrew correspondent writes: The Smiths entertained a number of relatives from Maine, Massachusetts, and Norwich on Sunday. There were 20 in the family party.

Gilbert W. Chapin of Hartford has opened his home at Mansfield Center. Mrs. Chapin, who is studying and teaching at Lake Winnepesaukee, N. H., will arrive the last of the week.

Freest fish in the city, direct from Block Island, at fishing boat, Ocean wharf. Many varieties, low prices—adv.

It is affecting factories in some Connecticut towns because trading is at a standstill in dyes owing to the coal shortage, lack of transportation and the closing down of textile mills.

Mr. and Mrs. Stevens of Vernon have rented the Lathrop cottage on Haven avenue at the campground. Mrs. Stevens is one of the vice presidents of the Norwich District Epworth League.

At one of the New London hotels all the stray hats discarded by guests at the house are left just outside the main entrance that anyone who desires to use them may have the hats for taking them away.

Mrs. Paul Collins of Norwich, who with her family is enjoying an outing at Crystal Lake, was calling in South Woodstock this week. Mrs. Collins, who was Miss Bertha Flynn, formerly resided in that village.

Theodore Berry, an Ellington blacksmith who is seriously ill of heart trouble at his home, is slightly improved. He was stricken suddenly a few days ago, and was found lying beneath a horse which he had been shoeing.

It is mentioned that Bryan F. Mahan and Theodore Bodenwein have sold a strip of land on Learned street to the city of New London which will cause a new highway to be opened as a result of acquiring the new tract.

Connecticut faces a shortage of about 800 public school teachers this fall. The demand will be for about 1,000 new teachers; the supply will consist of 182 graduates from normal schools and about 200 from the colleges.

The United States civil service commission announced for Sept. 7 an examination for building and estimator, grades 25 to 50, at the Picatinny Arsenal, Ordnance Department at Large, Dover, N. J., at \$1,800 to \$2,000 a year.

Members of the family here have been notified that the Blawie family reunion is to be held at East Sidney, N. Y., at the Chauncey Gager home, Jacob Bidwell was born in Hartford in 1787 and went to Delaware County, N. Y. The reunion date is Aug. 18.

Norwich milliners and buyers returning from New York bring the word that big hat business is forecasted. Bright colors, rich fabrics and artistic trimmings feature the new fashions, and the mode shows new and radical changes in form.

Mrs. Albany Smith of Noank has received a cable from her husband, Rev. Albany Smith, the evangelist who labored in Norwich, announcing his arrival in England. Mr. Smith sailed on the steamer Philadelphia for a visit to his old home.

Return tickets and mileage books bought before the higher fares become effective will not be valid when the new schedules go into effect, it was announced Thursday by the interstate commerce commission.

A burly gurdy which made melody about town Thursday was drawn by a big, plump horse, evidently well cared for. The two Calabrians with the outfit said they had taken two weeks in coming from Providence, grinding out music from town to town.

Because of lack of room at its busy Laurel Hill plant, the American Thermos Bottle Company, Norwich, is occupying about 30,000 square feet of space on two floors leased from the J. B. Martin Co. at the former Marlin-Rockwell arms works, Chestnut street.

Hartford papers state that a former Norwich resident, Miss Edith Flanders with Dr. E. B. Williams and Mrs. Williams in Moodus. Miss Flanders is the daughter of Rev. C. K. Flanders, former pastor of the Baptist church there.

The St. Paul Society of the Holy Name church, Springfield, has established a camp at Crescent Beach and every week there are about twenty boys from the society there. The camp is under the direction of John Cawley, and Father P. Shahan of Stoneville, Mass., is chaplain.

Versailles Sanitary Outing.

PERSONALS

Miss C. B. Farnham of Norwich has been a visitor.

Maurice Beffman Schenker is in New York for a few days.

Miss Jennie Garfield has returned from spending a week at Gardner Lake.

Mr. and Mrs. James H. Hinkins of North Main street have returned from a stay in New York.

Miss Dorothy Rogers of Laurel Hill is the guest of her aunt, Mrs. Matilda Dunn of Brooklyn, N. Y.

Mrs. Joseph Beasly and Mrs. M. R. Water are spending the remainder of the summer at Lord's Point.

Miss Marie McVeigh and Miss Julia Monahan have returned from Nantasket Beach after a week's vacation.

Mr. and Mrs. E. G. Gordon and family of Norwich have returned home after spending a month at Crescent beach.

Rev. and Mrs. William T. Thayer of Hartford, formerly of Norwich, are guests at Mr. and Mrs. Charles Stamm of Ann street.

Mr. and Mrs. A. A. Stanton with Carl Gallup and family of Eikon, were guests recently of Supt. and Mrs. John B. Stanton in Norwich.

Mr. and Mrs. Albin Hagstrom of Norwich have rented the Moschler stage on Edgewood avenue at Williamstown Camp Ground.

Mr. and Mrs. Fred Willoughby and daughter, of Scotland, spent Sunday with their cousin, Mrs. Rose Bromley of the West Side, Norwich.

Mrs. Theodore Smith of Baltic, spent Thursday in Norwich, and attended the funeral services at the Central Baptist church for Solon A. Moxley of Hartford.

Mrs. Richard Gorman of Washington street, Norwich, and her niece, Miss Charlotte Nolan, of Brooklyn, are spending August at the Hotel Marlborough, Block Island.

Mrs. Donald Macdonald of Lowell, Mass., who has been the guest of her daughter, Mrs. L. Kimball of Laurel Hill is spending the month of August at the Highlands, New Jersey.

Word from Charles J. Wilson who is enroute to his home in Cleveland, Ohio, after a visit of nearly three weeks with relatives in New York and Connecticut, located him in New York Wednesday morning. Mr. Wilson expects to arrive home the last of this week.

Mrs. Lucien Cormier and daughter, Miss Edith Cormier of New York, Mrs. Joseph Cormier and family, Mrs. Harry Moran and family, Mrs. Frederick Pennant and family, Mrs. Joseph Gannon of this city are making a brief stay at Ocean beach.

Mrs. Louis Porteous of Weymouth, Mass., defeated Mrs. Roland Barlow of the Merion Cricket club of Philadelphia, one of the oldest amateur women's golfers in the country, by one up in the first flight of the semi-final round of the annual women's championship golf tournament played on the links of the Shennecossett Country club at Eastern Point Sunday morning.

Miss Roseal won the match and it was even when they reached the 18th hole.

The ladies which followed the players were enthusiastic over each drive and put. Coming back both the golfers held identical scores until Mrs. Barlow drove into an unplayable lie and after wasting two strokes she picked up and defeated the match. If Miss Roseal had only had a 4 in the 18th she would have made an 86.

In the first flight of the semi-finals Miss Glenna Collett of Providence, the youngest amateur golfer in the country beat Mrs. M. R. Smith of North Hills at the 19th hole.

In the second flight of the semi-final round Mrs. Louis Porteous of the Norwich Golf club won the cup for this particular play in the tournament when she defeated Mrs. L. L. Norris of the Penobscot by 4 and 4.

Col. Charles M. Joslyn.

Colonel Charles Mason Joslyn, for years one of the most prominent lawyers and public officials in the state, died Wednesday at his home in Hartford. He had been in poor health for nearly five years.

Mr. Joslyn's career took him through several prominent state offices, and in 1882 he was democratic candidate for mayor against Morgan C. Bullock. He was born in Tolland, Conn., March 20, 1849, son of Edmund and Roxana (Cobb) Joslyn. He was educated at the Tolland high school and at Amherst College, Amherst, Mass. He was admitted to the bar in May 1873.

He was representative in the general assembly from the town of Tolland in 1874 and representative from Hartford in 1885, when he was the democratic candidate for speaker. He was aide-camp on the staff of Governor Richard D. Hubbard in 1877-78, with rank of colonel and governor's secretary in 1885-86 with rank of brigadier-general.

He married, December 18, 1879, Miss Minnie L. Brown, of Providence, R. I., who survives him. He also has a daughter, Emily Joslyn Butler, wife of Robert P. Butler, and two grand-children, Joslyn Butler and Philip Gale Butler, all of Hartford. A sister, Mrs. Oscar H. Leonard of Tolland, also survives him. There are two nephews, Charles H. Leonard and Rufus Leonard and two nieces, Mary R. Leonard and Florence J. Leonard.

FUNERAL

Solon P. Moxley.

The funeral of Solon P. Moxley, who died in Hartford on Tuesday, was held at 4 o'clock from the Bushnell chapel of the Central Baptist church Thursday afternoon. In the large attendance were relatives and friends from B. cities and a delegation from the G. A. R. There were many handsome floral tributes. The services were conducted by Rev. J. Andrew Jones pastor of the First Baptist church of Chicago. During the service Mrs. Reuben P. Potter rendered Home of the Soul.

The bearers were James L. Case, Henry G. Peck, Joseph R. Adams and J. Frank Corry. Burial was in the family plot in the Oak street cemetery. Mrs. Potter sang Tenthing Tonight on the Old Camp Ground and Rev. Mr. Jones read a committal service at the grave.

C. A. Gager was in charge of the funeral arrangements.

Compensation Agreement Filed.

The following compensation agreement was filed in the office of the superior court Thursday:

Eros, New London and Joe Gardner, New London. Injured July 17th when he strained right knee joint. Compensation began July 24th.

INCIDENTS IN SOCIETY

Mrs. Albert Lewis of Boston is visiting Mrs. William H. Palmer.

Charles Welter Van Deusen of Hudson, N. Y. was a recent visitor in town.

Mrs. Halsey W. Kelley of New York has been the guest of her sister, Mrs. M. A. Bolande.

Mrs. Edward D. Fuller of Broadway is at Cape May with the Misses Averill of Danbury.

Miss Edith A. Fellows and Miss May P. Ritchie are registered at the Iron Mountain House, Jackson, N. H.

Having passed two weeks at their bungalow at Gardner Lake Mrs. James E. Fuller, her daughters, Miss Margaret Fuller and Miss Louise Fuller returned home this week.

JITNEY'S BUSTLE FROM CENTER OF CITY COUNCIL PROBES SALE OF CITY TIMBER

Jitneys which have been a customary sight on Main street, Franklin square and Rose alley at all hours of the day and night, today (Friday) will not be allowed to park on these streets.

This action was taken at an adjourned meeting of court of common council on Thursday evening after Attorney J. J. Desmond had made a plea for the retaining of these streets as public stands.

When the hearing was called to order at 8:15 o'clock by Mayor Herbert M. Lerou, the council chamber was filled with the local press and a large number of citizens.

These last were early disappointed, for the meeting was strictly harmonious. J. J. Desmond being the only one to speak on the matter.

When Mayor Lerou called for remarks on the proposed ordinance Mr. Desmond was anxious that the council give the reason for the abolishing of these alley, Main and Franklin streets and Ferry streets as public stands.

Councilman Higgins said that it was not necessary to have an affirmative and negative side to the question and he thought Mr. Desmond should present his side.

Mayor Lerou then asked Mr. Desmond to state his case.

Mr. Desmond spoke at length on the subject, saying that the people he represented were not in favor of the city council regarding the public stands as causing them great inconvenience and harmful to their business.

For many years, said Mr. Desmond, Union square was the public stand for hack and express wagons, but several years ago Allyn L. Brown, as mayor, designated Rose alley and Ferry streets as public stands on account of the close proximity to Franklin square.

Franklin square is the center of the city, and the traveling public naturally gravitates to this place. The public service operators could not count on people going to Union square to get the cars.

The people who own and operate these public service machines for the new ordinance will drive them out of business. The public service machines must be on the move to take up passengers. Passengers never go to the public service machines but the public service machines must go to the passengers.

The people I represent feel that there is no solid ground for the ruling and they feel that they have not abused the privileges granted them, there having been no accidents or injuries.

The public has not been inconvenienced and the ruling is equivalent to putting them out of business.

City Has the Right.

Mayor Desmond spoke about the right of the city to change parking places and Higgins said that the city had the right.

Mayor Lerou asked for further remarks on the matter and as none were forthcoming he declared a recess of ten minutes. When the council re-assembled the following resolution:

Resolved: That the northerly side of Main street from Burnham square to the Chelsea Savings Bank building, the easterly side of Ferry street, the westerly side of Rose alley, the easterly side of Franklin street from Main street to a point in range with the southerly side of Willow street and they are hereby designated as public stands for hack and express wagons and all other vehicles including public service motor vehicles, for the conveyance of passengers and baggage may stand waiting for employment.

After the reading of the resolution Councilman Murray moved its adoption and Alderman C. F. Wells promptly got to his feet and seconded the motion by saying that he gave pleasure to do so.

The resolution was adopted.

Immediately after adjournment of the meeting Mayor Lerou handed a copy of the resolutions to the police department, ordering a strict enforcement of the law to the letter.

Following the settlement of the public service ruling the largest part of the audience drifted away. The council then turned its attention to other business.

The public works committee made a report on the petition from the Peck McWilliams company asking for a lease of land on the city dump. The committee said that they did not think it advisable to lease the land to the company.

The committee also reported on a petition from the Peck McWilliams company asking for a lease of land on the city dump. The committee said that they did not think it advisable to lease the land to the company.

A communication from Howell S. Balle, administrator of the estate of Emma C. Balle, stating that he had not given permission to the city to erect a structure on the property on Main street.

Mr. Evans at the meeting of the council on Monday evening had been granted permission to erect a structure on the property on Main street.

The matter was referred to the public works committee.

A petition was presented from Angelo Cavello, asking that the city accept the work of the water board as a public street.

The petition was referred to the public works committee for investigation and report.

Mr. Comstock's Reply.

Following this a report from Albert Comstock regarding the results of his investigation relative to the cutting of wood on the city watersheds was read.

This report was the outcome of the action taken at the meeting of the council on Monday evening when it was voted that the city water board should inform the council in writing as to whether there had been any contract for the sale or cutting of wood on the city watersheds.

Water Board Timber Contract.

The following answer to the council's inquiry of the water board regarding the city timber was made by Albert S. Comstock, president of the board:

To Hon. H. M. Lerou, Mayor, and the Court of Common Council, Gentlemen:

I am in receipt of your request of the 2nd inst relative to the cutting of trees from the water sheds of the city water report.

The board has a contract with J. E. Ignatius J. Murphy for cutting and removing trees from said sheds, copy of same attached.

The records of the board show that the contract has been made on account of this contract the sum of \$1,554.45 for poles, ties and lumber.

It has been impossible to comply with that part of the request as to the number and size of the trees cut.

Yours very truly,

A. S. COMSTOCK, President.

The following contract was the one entered into by the water board and Mr. Murphy:

It is agreed between Ignatius J. Murphy, of Norwich, Connecticut, and the board of water commissioners of the City of Norwich that for the consideration hereinafter set forth said Murphy will cut down, trim and carry away from the lands of the City of Norwich in the control of said board all and near Fairview reservoir in Norwich Connecticut, all the chestnut trees, and such other trees as may be designated by the board in said Norwich all the trees of every kind, the work to be commenced on or before the first day of April, 1921, and to be completed to the satisfaction of said board on or before the first day of April, 1921. Said Murphy shall pay to said board for each pole, derived from said cutting,

one dollar for each railroad tie ten cents, and for each cord of cordwood piled up, fifty cents, payments to be made within thirty days after said Murphy removes said poles, ties or wood from the lands for shipment.

Said Murphy shall have reasonable rights of way on which to pass and remove by himself and his representatives, servants and agents, and for horses, wagon and other vehicles on and over said lands in order to cut trim and carry away said poles, ties and cordwood. In felling trees and in hauling he shall exercise great care not to injure any live trees, and he shall take all necessary precautions against pollution of the waters in, or which flow into said reservoirs or either of them.

The said board shall have the right to have at the place or places where the above described work is being carried on or where said poles, ties or wood may be gathered, such number of representatives for inspecting and listing said poles, ties and wood as said board may designate.

On the completion of the work to be performed under this agreement said Murphy will remove all roads used by him to a condition as good as that which the same were in when said work was commenced.

Dated at Norwich, Conn., February 17, 1920.

Ignatius J. Murphy, L. S.; Walter W. Lang, John H. Carney, Patrick F. Bray, A. S. Comstock, H. Blackledge, Board of Water Commissioners of the City of Norwich.

After the reading of the report from Mr. Comstock the following resolution was presented and adopted:

Whereas from the report made to the board of water commissioners of the city of Norwich it appears that a certain contract purports to have been made by the board of water commissioners on the seventeenth day of February 1919 with one Ignatius J. Murphy, which purports to have been ordered printed in the council journal of this date and whereas

Said contract does not appear to have received the approval of the court of common council nor to have been entered into under their direction as the charter provides, and whereas

Walter W. Lang as president of the board of water commissioners in his annual report dated April 1, 1919, or purportedly after such report, reported on account of the chestnut blight all timber from our water sheds and reforestation with pine trees be considered" and further that report and annual report of the board of water commissioners is not used for storage purposes therefore on account of the swampy nature of this section I would advise cutting all timber and any cord wood, and whereas the conservation of the city's water supply and the proper maintenance of the water sheds owned by the city is dependent to an extent upon their being forested, and whereas representations have been made that timber other than blighted chestnut trees, such as yellow birch, oak and others to a large amount and of great value have been cut from the water sheds owned by the city, therefore,

Resolved, That Aldermen Pendleton and Pease and Councilman Hagerberg be and they hereby are constituted a special committee of the court of common council with full power to investigate the entire subject of the cutting of trees on the watersheds owned by the city, the entering into any contract for such cutting and sale, the amount, approximate value, quality, condition of any such trees if so cut, the disposal made at such disposal or sale, the present general condition of the watersheds owned by the city, and all facts, circumstances and conditions relating to any such cutting of timber and disposition of the same on any and all of the watersheds owned by the city during the past two years.

Said committee is directed to report its conclusions to the council, with such recommendations as it deems necessary and proper and it is authorized to employ such assistance as it may require.

The further reading of the report of water commissioners and their agents and employees be and they hereby are requested to extend all the facilities at their disposal to enable said special committee to make a proper investigation of the books of the board of water commissioners and on behalf of the council as the charter provides and that the clerk of the court of common council is hereby directed to forward transmittal to the clerk of the board of water commissioners a certified copy of this preamble and the resolutions following with a certified copy of the action of the council on this same subject at its meeting held on August 5, 1920.

To Protect City's Interests.

Immediately upon the adoption of the foregoing resolution the court of common council was given power to take legal proceedings through the following vote of the council:

Voted: That the corporation counsel be and he hereby is authorized and directed to take such legal action in the name of the city as may be required to protect the interests of the city in the cutting and sale of any of the timber, saved or other wood on the water sheds owned by the city.

Two Charge Slips Presented.

Besides the contract that was presented to the council by Mr. Comstock the only other records of any transaction regarding the sale and cutting of timber on the property of the city on the watersheds of the city were two charge slips, one dated November 2, 1919, and one dated February 24, 1920. The slip of November 2 is made out to N. J. Murphy of Norwich, Conn. "No cutting of wood on reservoir property—\$500." This slip was paid on that date.

The other slip, that of Feb. 24, is made out to J. M. Murphy of Keene, N. H., and reads as follows:

610 poles at \$1 \$610.00
6115 ties at \$10
